

GAKUDA PUKANAM

seat of-Uie fracture should be first ascerfained, which be first washed with cold water then plastered with mire bound with blades of Kusha grass. Milk, clarified butter meat-essence, meat-soap, or soup of sesame seeds should form the diet of a fracture-patient. A patient suffering froirj the dislocation, fracture, or crushing of any bone would do well to live on a regimen of garlic and fried paddy, mix* d with honey and sugar. Take equal parts of Ashvattha, Triphali and Vyosha, and Guggulu equal to their combined weight, and mix. This compound has the virtue of setting broken bones. Bleeding, and use of emetics and purgatives are recommended in all forms of cutaneous affections. A decoction of Vacha, V4sa, Patola, and Nimva, or Phalini-bark, taken with honey, subdues the deranged Vayu, and is a good constructive remedy. Purgings should be induced with the administration of a compound of Trivrit, Danti and Triphala. A medicated oil cooked with, the admixture of realgar and black pepper proves efficacious in all forms of cutaneous affections, and plasters composed of these two drugs majr be used in all forms of Kustha (skin disease) with advantage in which the patient should take every day five Myrobalans in combination with treacle. Plasters composed of Karanja, Tagara, and Kushtbam pasted together with cow's urine, and rubbing of the affected part with Karavira after anointing it, prove curative in

cutaneous affections. Similarly, plasters
composed of Haridra,
Malayam, R^sna, Guduchi, Tagara,
A'ragbadha and Karanja!
or of realgar, Vidanga, Vaguji, Karanja
and Sarsbapa,
pasted together with cow's urine, destroys
cutaneous affections
as the sun destroys darkness. A plaster
composed of
Vidanga, Airagaja, Kushtha, Nishi and
Sindhuttha pasted
together with " eow's urine cures
Ring.worm. Plasters
composed of Prapunnfcd-seeds. Dhatri,
Sarjarasa and Sntihi
pasted together with Sauvira wine may
be advantageously
used in rubbing the patches in cases
of Ring-worm.
